

Power Lawn Equipment

“

NC Equipment prides itself on being a trusted provider of world class equipment to New Zealand farmers and contractors.

NC Equipment has been sourcing, supplying and servicing Farm Equipment since 1965. All our machinery has been sourced from reputable firms that share our passion for quality, creativity, experience and reliability.

We make it our job to understand our customers and to search for and challenge our suppliers to ensure we are constantly offering the latest industry leading products that meet the evolving needs of agriculture.

Power Lawn Equipment

Many years ago, NC Equipment was the first company in NZ to import a MTD Ride on Mower! What was once regarded as a luxury is now viewed as a necessity which is why we are still specializing in this category and grown to a point where we are regularly receiving indent shipments directly from overseas in order to continue offering our customers the best pricing in NZ!

One of our directors is particularly passionate about these products which is why we have invested in a state-of-the-art showroom and workshop facility. As a result of this, our showroom is constantly kept full of exciting new power equipment to keep our busy clients operating as efficiently around the home and yard as they do around the farm!

Cub Cadet Ride-On	5
Cub Cadet RZT S Zero-Turn	7

Cub Cadet Ride-On

The LX42 is Cub Cadets smallest side discharge mower, designed for small-medium sized domestic properties. Able to be fitted with a mulching kit. This model has been given the ‘Consumer Recommends’ award.

Features:

- 400mm Turning circle, better than any other brand, giving a faster mowing time.
- Electric PTO meaning blades can be engaged with push of a button.
- Greasable cast front axles giving longevity.
- Hydrostatic Drive, means no gear or speed changing.

Specifications:

MODEL NUMBER	ENGINE (HP)	MOWING DECK (INCH/CM)	MAX SPEED (KM/H)	CUTTING HEIGHT (MM)
LX 42	20 HP Kohler V Twin	42/107	8.5	40-100

Residential Non-Catching

Cub Cadet HD Ride-On

The heavier series to the LX42, this is the range for the large scale domestic user. Standard with a fabricated mowing deck and larger engines.

Features:

- 400mm Turning circle, better than any other brand, giving a faster mowing time.
- Electric PTO, meaning blades can be engaged with the push of a button.
- Greasable cast front axles giving longevity.
- Hydrostatic Drive, means no gear or speed changing.
- Fabricated, welded steel deck (twice the thickness of a pressed deck).
- LX46 model equipped with auto dif-lock to give maximum traction on slopes.

Specifications:

MODEL NUMBER	ENGINE (HP)	MOWING DECK (INCH/CM)	MAX SPEED (KM/H)	CUTTING HEIGHT (MM)
LX46	22 HP Kohler V Twin	46/117	8.5	40-100
LX54	26 HP Kohler V Twin	54/137	8.5	40-100

Cub Cadet

Cub Cadet RZT S Zero-Turn

Unique to Cub Cadet, this range is for those wanting all the benefits of a zero-turn, yet still with a steering wheel. The 42" also has the 'Consumer Recommends' award.

Features:

- The RZT S 46 Fab comes with a fabricated, welded steel deck (twice the thickness of a pressed deck)
- Electric PTO, meaning blades can be engaged with the push of a button.
- Comes complete with a mulching kit, to give a "catching finish".
- Hydrostatic Drive, means no gear or speed changing.

Specifications:

MODEL NUMBER	ENGINE (HP)	MOWING DECK (INCH/CM)	MAX SPEED (KM/H)	CUTTING HEIGHT (MM)
